Risk Factors of Stunting

Jade Benjamin-Chung, Andrew N. Mertens, Esther Chung, Jeremy Coyle, Oleg Sofrygin, Nima Hejazi, Ivana Malenica, Alan E. Hubbard, Mark J. van der Laan, John M. Colford, Jr., Benjamin F. Arnold

2018-06-14

Contents

Relative risk pooled across cohorts **2**
Cumulative incidence of stunting from birth to 24 months . . . 2
Point prevalence of stunting . . . 13
Proportion of children who were stunted between birth and 3 months who recovered by 24 months 25

Appendix 1 - Relative risk stratified by cohort **29**
Cumulative incidence of stunting from birth to 24 months . . . 29
Point prevalence of stunting . . . 52
Proportion of children who were stunted between birth and 3 months who recovered by 24 months 76

Appendix 2 - Population Attributable Risk stratified by cohort **83**
Cumulative incidence of stunting from birth to 24 months . . . 83
Point prevalence of stunting . . . 106
Proportion of children who were stunted between birth and 3 months who recovered by 24 months 130

Appendix 3 - Population Attributable Fraction stratified by cohort **137**
Cumulative incidence of stunting from birth to 24 months . . . 137
Point prevalence of stunting . . . 160
Proportion of children who were stunted between birth and 3 months who recovered by 24 months 184

Relative risk pooled across cohorts
